3. Transact any other business that properly comes before the meeting.

The Proxy Statement accompanying this Notice describes each of these items in detail. The Proxy Statement contains other important information that you should read and consider before you vote.

The record date for the Annual Meeting is February 27, 2017. If you held First Data Class A common stock or Class B common stock at the close of business on that date, you are entitled to vote at the Annual Meeting.

First Data is furnishing proxy materials to its shareholders through the Internet as permitted under the rules of the Securities and Exchange Commission. Under these rules, many shareholders will receive a Notice of Internet Availability of Proxy Materials instead of a paper copy of the Notice of Annual Meeting of Shareholders and Proxy Statement, our proxy card, and our Annual Report on Form 10-K. We believe this process gives us the opportunity to serve you more efficiently by making the proxy materials available quickly online and reducing costs associated with printing and postage. Shareholders who do not receive a Notice of Internet Availability of Proxy Materials will receive a paper copy of the proxy materials by mail.

Sincerely,

March 15, 2017

Adam L. Rosman
Executive Vice President, General Counsel, and Secretary

Your vote is important. Instructions on how to vote are contained in our Proxy Statement and in the Notice of Internet Availability of Proxy Materials. Questions and Answers About the Annual Meeting

Q: Why did I receive these materials?

A: We are making this Proxy Statement available to you on or around March 15, 2017 because the Board is soliciting your proxy to vote at the 2017 Annual Meeting of Shareholders on April 25, 2017. The information provided in this Proxy Statement is for your use in deciding how to vote on the proposals described below.

Q: Who is entitled to attend and vote at the Annual Meeting?

A: You can attend and vote at the Annual Meeting if, as of the close of business on February 27, 2017 (Record Date), you were a shareholder of record of First Data's Class A common stock or Class B common stock. As of the Record Date, there were 373,704,307 shares of our Class A common stock and 543,993,379 shares of our Class B common stock outstanding.

Q: What are the voting rights of each class of stock?

A: For each proposal, shareholders are entitled to cast one vote for each share of Class A common stock held as of the Record Date and 10 votes for each share of Class B common stock held as of the Record Date. There are no cumulative voting rights.

Q: How do I gain admission to the Annual Meeting?

A: If you are a *registered shareholder*, you must bring with you the Notice of Internet Availability of Proxy Materials and a government-issued photo identification (such as a valid driver's license or passport) or an employee badge issued by First Data to gain admission to the Annual Meeting. If you did not receive a Notice of Internet Availability of Proxy Materials, please call our Investor Relations Department at (212) 266-3565 to request admission to the meeting.

If you hold your shares in *street name* and want to attend the Annual Meeting, you must bring your government-issued photo identification or an employee badge issued by First Data, together with:

- The Notice of Internet Availability of Proxy Materials you received from your broker, bank or other holder of record; or
- A letter from your broker, bank or other holder of record indicating that you were the beneficial owner of First Data stock as of the Record Date; or
- Your most recent account statement indicating that you were the beneficial owner of First Data stock as of the Record Date.

All packages and bags are subject to inspection.

Q: What is the difference between a registered shareholder and a shareholder who owns stock in street name?

A: If you hold shares of Class A common stock or Class B common stock directly in your name, you are a *registered shareholder*. If you own your First Data shares indirectly through a broker, bank or other holder of record, those shares are held in *street name*.

Q: Can I vote my shares before the Annual Meeting?

A: Yes. If you are a *registered shareholder*, there are three ways to vote your shares before the Annual Meeting:

- By Internet (*www.proxyvote.com*) – Use the Internet to transmit your voting instructions until 11:59 p.m. ET on April 23, 2017. Have your Notice of Internet Availability of Proxy Materials or proxy card available and follow the instructions on the website to vote your shares.
- By telephone (1-800-690-6903) – Submit your vote by telephone until 11:59 p.m. ET on April 23, 2017. Have your Notice of Internet Availability of Proxy Materials or proxy card available and follow the instructions provided by the recorded message to vote your shares.
- By mail – If you received a paper copy of the proxy materials, you can vote by mail by filling out the proxy card enclosed with those materials and returning it using the instructions on the card. To be valid, proxy cards must be received before the start of the Annual Meeting.

If your shares are held in *street name*, your broker, bank or other holder of record may provide you with a Notice of Internet Availability of Proxy Materials that contains instructions on how to access our proxy materials and vote online or to request a paper or email copy of our proxy materials. If you received these materials in paper form, the materials included a voting instruction card so you can instruct your broker, bank or other holder of record how to vote your shares.

Please see the Notice of Internet Availability of Proxy Materials or the information your bank, broker or other holder of record provided you for more information on these voting options.

Q: Can I vote in person at the Annual Meeting instead of by proxy?

A: If you are a *registered shareholder*, you can vote at the Annual Meeting any shares that were registered in your name as the shareholder of record as of the Record Date.

If your shares are held in *street name*, you cannot vote those shares at the Annual Meeting unless you have a legal proxy from the holder of record. If you plan to attend and vote your street-name shares at the Annual Meeting, you should request a legal proxy from your broker, bank or other holder of record and bring it with you to the Annual Meeting.

Whether or not you plan to attend the Annual Meeting, we strongly encourage you to vote your shares by proxy before the Annual Meeting.

Q: Can I revoke my proxy or change my voting instructions once submitted?

A: If you are a *registered shareholder*, you can revoke your proxy and change your vote before the Annual Meeting by:

- Sending a written notice of revocation to our executive offices to the attention of our Corporate Secretary (the notification must be received by 11:59 p.m. ET on April 23, 2017). The notice should be addressed as follows:

First Data Corporation
225 Liberty Street, 29th Floor
New York, New York 10281
Attn: Corporate Secretary

- Voting again by Internet or telephone before 11:59 p.m. ET on April 23, 2017 (only the latest vote you submit will be counted); or

- Submitting a new properly signed and dated paper proxy card with a later date (your proxy card must be received before the start of the Annual Meeting).

If your shares are held in *street name*, you should contact your broker, bank or other holder of record about revoking your voting instructions and changing your vote before the Annual Meeting.

If you are eligible to vote at the Annual Meeting, you also can revoke your proxy or voting instructions and change your vote at the Annual Meeting by submitting a written ballot before the polls close.

Q: What will happen if I submit my proxy but do not vote on a proposal?

A: If you submit a valid proxy but fail to provide instructions on how you want your shares to be voted, properly submitted proxies will be voted:

- “FOR” the election of all director nominees;
- “FOR” the ratification of the appointment of Ernst & Young LLP as First Data’s independent registered public accounting firm.

If any other item is properly presented for a vote at the meeting, the shares represented by your properly submitted proxy will be voted at the discretion of the proxies.

Q: What will happen if I neither submit my proxy nor vote my shares in person at the Annual Meeting?

A: If you are a *registered shareholder*, your shares will not be voted.

If your shares are held in *street name*, your broker, bank or other holder of record may vote your shares on certain “routine” matters. The ratification of independent auditors is currently considered to be a routine matter. On this matter, your broker, bank or other holder of record can:

- Vote your street-name shares even though you have not provided voting instructions; or
- Choose not to vote your shares.

The other matters you are being asked to vote on are not routine and cannot be voted by your broker, bank or other holder of record without your instructions. When a broker, bank or other holder of record is unable to vote shares for this reason, it is called a “broker non-vote.”

Q: What does it mean if I receive more than one set of materials?

A: You probably have multiple accounts with us and/or brokers, banks, or other holders of record. You should vote all of the shares represented by the notices/proxy cards. Certain brokers, banks, and other holders of record have procedures in place to discontinue duplicate mailings upon a shareholder’s request. You should contact your broker, bank or other holder of record for more information.

Q: How many shares must be present to conduct business at the Annual Meeting?

A: To carry on the business of the Annual Meeting, holders of a majority of the voting power of Class A common stock and Class B common stock issued and outstanding as of the Record Date must be present in person or represented by proxy.

Q: What vote is required to approve each proposal?

A: For Proposal No. 1, directors will be elected by a plurality of the votes of the shares of our Class A common stock and Class B common stock (voting together as a single class) present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors, which means that the two nominees receiving the highest number of affirmative votes will be elected.

Proposal No. 2, the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017, will be determined by the affirmative vote of a majority of the voting power of the shares of our Class A common stock and Class B common stock (voting together as a single class) present in person or represented by proxy at the Annual Meeting.

Q: Are abstentions and broker non-votes counted in the vote totals?

A: A broker non-vote occurs when shares held by a broker are not voted with respect to a particular proposal because the broker does not have discretionary authority to vote on the matter and has not received voting instructions from its clients. If your broker holds your shares in its name and you do not instruct your broker how to vote, your broker will only have discretion to vote your shares on “routine” matters. Where a proposal is not “routine,” a broker who has received no instructions from its clients does not have discretion to vote its clients’ uninstructed shares on that proposal. At our Annual Meeting, only Proposal No. 2 (ratifying the appointment of our independent registered public accounting firm) is considered a routine matter. Your broker will therefore not have discretion to vote on the election of directors as it is a “non-routine” matter.

Broker non-votes and abstentions by stockholders from voting (including brokers holding their clients’ shares of record who cause abstentions to be recorded) will be counted towards determining whether or not a quorum is present. However, as the two nominees receiving the highest number of affirmative votes will be elected, abstentions and broker non-votes will not affect the outcome of the election of Directors. With regard to the affirmative vote of the shares present at the meeting required for Proposal 2, it is a routine matter so there will be no broker non-votes but abstentions will have the effect of a negative vote.

Q: How are votes counted?

A: In the election of directors, Proposal No. 1, you may vote “FOR” all or some of the nominees or your vote may be “WITHHELD” with respect to one or more of the nominees.

For Proposal No. 2, you may vote “FOR,” “AGAINST,” or “ABSTAIN.” If you elect to “ABSTAIN,” the abstention has the same effect as a vote “AGAINST.”

If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If no instructions are indicated on a properly executed proxy card or over the telephone or Internet, the shares will be voted as recommended by our board of directors.

Q: Is my vote confidential?

A: Yes. The vote of any shareholder will not be revealed to anyone other than a tabulator of votes or an election inspector, except (i) as necessary to meet applicable legal and stock exchange listing requirements, (ii) to assert claims for or defend claims against First Data, (iii) to allow the Inspectors of Election to certify the results of the shareholder vote, (iv) in the event a proxy solicitation in opposition to First Data or the election of the Board takes place, (v) if a shareholder has requested that their vote be

disclosed, or (vi) to respond to shareholders who have written comments on Proxy Cards.

Q: Will any other business be transacted at the meeting? If so, how will my proxy be voted?

A: Management does not know of any business to be transacted at the Annual Meeting other than those matters described in this Proxy Statement. The period specified in First Data's By-Laws for submitting additional proposals to be considered at the meeting has passed and there are no such proposals to be considered. However, should any other matters properly come before the meeting, and any adjournments and postponements, shares with respect to which voting authority has been granted to the proxies will be voted by the proxies in accordance with their judgment.

Q: Who will pay the cost of soliciting votes for the Annual Meeting?

A: We will bear the entire cost of solicitation of proxies, including the preparation, assembly, printing, and mailing of this Proxy Statement and the accompanying materials. We have engaged the firm of Morrow Sodali to assist in distributing and soliciting proxies for a fee of \$6,500 plus expenses. However, the proxy solicitor fee is only a small fraction of the total cost of the proxy process. The largest expense in the proxy process is printing and mailing the proxy materials. Proxies also may be solicited on behalf of First Data by directors, officers or employees of First Data in person or by mail, telephone or facsimile transmission. No additional compensation will be paid to such directors, officers, or employees for soliciting proxies.

Proposal 1 – Election of Directors

Our Board of Directors is divided into three classes serving staggered three-year terms. The terms of office of two current directors, Mr. Nuttall and Mr. Plumeri, expire at the 2017 Annual Meeting of Shareholders. Mr. Forehand has decided not to seek re-election and his term will expire at the 2017 Annual Meeting. The Board of Directors has approved a reduction in the size of the Board to eight members effective as of the 2017 Annual Meeting. Mr. Nuttall and Mr. Plumeri have been nominated for re-election through the 2020 Annual Meeting of Shareholders or until a successor is elected and qualified. The nominees were recommended to the Board by the Governance, Compensation and Nominations Committee. In making its recommendation, the Committee considered the experience, qualifications, attributes, and skills of each nominee. All nominees have indicated their willingness to serve if elected.

You have the opportunity to vote on the election of Mr. Nuttall and Mr. Plumeri. Additional information regarding each director nominee's experience, skills, and qualifications to serve as a member of our Board can be found beginning on page 10.

Name	Age	Director Since	Summary Background	Independent	Committee Memberships

Joseph J. Plumeri	73	2013	Vice Chairman of First Data Board, Former CEO of Willis Group Holdings plc	No	Governance, Compensation and Nominations

The terms of Mr. Olson, Mr. Nevels, and Ms. Yastine expire at the 2018 Annual Meeting of Shareholders. The terms of Mr. Bisignano, Mr. Kravis, and Ms. Miller expire at the 2019 Annual Meeting of Shareholders.

If unforeseen circumstances (such as death or disability) make it necessary for the Board to substitute another person for any of the nominees, the proxies have the authority to vote your shares for that other person.

The Board of Directors recommends that you vote to RE-ELECT Mr. Nuttall and Mr. Plumeri as directors.

Proposal 2 – Ratification of Selection of Auditors

The Board of Directors recommends to the shareholders the ratification of the selection of Ernst & Young LLP, independent registered public accounting firm, to audit the accounts of First Data and its subsidiaries for 2017. Ernst & Young LLP has served as the independent registered public accounting firm for First Data or its predecessor entities since 1980. Consistent with regulations adopted under the Sarbanes-Oxley Act of 2002, the lead audit partner having primary responsibility for the audit and the concurring audit partner are rotated every five years.

A representative of Ernst & Young LLP will be present at the meeting, will have the opportunity to make a statement, and will be available to respond to appropriate questions.

Audit Committee Pre-approval of Service of Independent Registered Public Accounting Firm

Our Audit Committee has established a policy to pre-approve all audit and non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services, and other services. Under the policy, our Audit Committee reviews and pre-approves services that may be provided by the independent registered public accounting firm. The pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. Once pre-approved, the services and pre-approved amounts are monitored against actual charges incurred and modified if appropriate. The Chairperson of the Committee has the authority to pre-approve such services between meetings of our Audit Committee and such pre-approvals are reported to our Audit Committee at the next regularly scheduled meeting.

During 2016, all audit and non-audit services provided by Ernst & Young LLP were pre-approved by our Audit Committee or, consistent with the pre-approval policy of our Audit Committee, by the Chairperson of our Audit Committee for inter-meeting pre-approvals.

In the event the shareholders fail to ratify the appointment, the Audit Committee will consider it a direction to select other auditors for the subsequent year. Even if the selection is ratified, the Audit Committee, in its discretion, may select a new independent registered public accounting firm at any time during the year if it feels that such a change would be in the best interest of First Data and its shareholders.

The Board of Directors recommends that you vote FOR proposal 2.

Board Governance

Board Leadership Structure

Our governance framework provides the Board with flexibility to select the appropriate leadership structure. In making leadership structure determinations, the Board considers many factors, including the specific needs of the business and what is in the best interests of the our shareholders. The current leadership structure is comprised of a combined Chairperson of the Board and Chief Executive Officer, a Lead Director, and three Board committees. The directors believe that the positions of Chairperson and CEO currently should be held by the same person, as this combination has served us well by providing unified leadership and direction for the Board.

If the individual elected as Chairperson is also an employee of First Data, the Board believes that a Lead Director should be appointed to help ensure robust leadership on the Board. Accordingly, the non-management directors have elected Scott Nuttall as Lead Director. As Lead Director, Mr. Nuttall assists in optimizing the effectiveness of the Board by performing the duties described below and such other duties as determined by the Board or non-management directors:

- Presides at all meetings of the directors and any Board meeting when the Chairperson and the CEO are not present, including meetings or executive sessions of the non-management directors;
- Calls meetings of the non-management directors, as appropriate;

- Provides feedback from executive sessions of the non-management directors to the Chairperson, CEO, and members of senior management, as appropriate;
- Serves as a liaison and facilitator between the non-management directors and the Chairperson and the CEO, as appropriate;
- Before the Board meetings, advises the Chairperson and CEO regarding the information to be provided to directors, including the quality, quantity, and timeliness of such information;
- Advises the Chairperson and CEO regarding Board meeting agenda items and the Board's calendar, including the number and frequency of Board meetings, to ensure that there is sufficient time for discussion of all agenda items. The Lead Director (and any director) may request inclusion of additional agenda items;
- Consults with the Chairperson and the Governance, Compensation and Nominations Committee on the appointment of chairs and members for board committees;
- Collaborates with such Committee on the evaluation of the CEO;
- Collaborates with such Committee on matters related to Board effectiveness and independence including the performance and structure of the Board and its committees, and the performance of individual directors; and
- Together with the Chairperson, recommends to the Board and the Board committees the retention of advisers and consultants who report directly to the Board.

Board Role in Risk Oversight

Our Board has extensive involvement in the oversight of risk management related to us and our business and accomplishes this oversight through the regular reporting by the Audit Committee and the Risk Committee. The Risk Committee represents the Board by overseeing our risk governance structure, risk assessment, and risk management practices, and making recommendations to the Board regarding our willingness to accept risks and strategies related to key risks. The Audit Committee represents the Board by periodically reviewing our accounting, reporting, and financial practices, including the integrity of our consolidated financial statements, the surveillance of administrative and financial controls and our compliance with legal and regulatory requirements. Through its regular meetings with management, including the finance, legal, and internal audit functions, the Audit Committee reviews and discusses all significant areas of our business and summarizes for the Board all areas of financial risk and the appropriate mitigating factors. In addition, our Board receives periodic detailed operating performance reviews from management.

Our executive officers regularly report to the Board, including the non-management directors, and the Audit, the Governance, Compensation and Nominations, and the Risk Committees to ensure effective and efficient oversight of our activities and to assist in proper risk management and the ongoing evaluation of management controls. The Head of Internal Audit reports administratively to our Chief Control Officer and directly to the Audit Committee. We believe that the leadership structure of our Board provides appropriate risk oversight of our activities given the controlling interest held by KKR.

Controlled Company Exception

Kohlberg Kravis Roberts & Co. L.P. and its affiliates control a majority of the voting power of our outstanding common stock. As a result, we are a "controlled company" within the meaning of the corporate governance standards of the New York Stock Exchange. Under these rules, if more than 50% of the voting power of a company is held by an individual, group or another entity, the company is a "controlled company" and may elect not to comply with certain corporate governance requirements, including:

- the requirement that a majority of the Board consist of "independent directors" as defined under the rules of the NYSE;
- the requirement that we have a compensation committee that is composed entirely of independent

- directors with a written charter addressing the committee’s purpose and responsibilities; and the requirement that we have a nominating and corporate governance committee that is composed entirely of independent directors.

As a result, we do not have a majority of independent directors on our Board and we do not have a nominating and corporate governance committee or a compensation committee that is composed entirely of independent directors. In the event that we cease to be a “controlled company,” we will comply with these provisions within the transition periods specified in the corporate governance rules of the NYSE.

Meetings of the Board and Director Attendance at Annual Meeting

Our Board held 7 meetings in 2016. Each director attended at least 90% of all of the meetings of the Board and committees of the Board on which he or she served in 2016.

Periodically at the end of Board meetings our Lead Director presides at an executive session without any management directors present. These sessions allow the directors to discuss important issues, including the business and affairs of First Data as well as matters concerning management, without any member of management present. In addition, an executive session including only independent directors is held at least once a year. Ms. Miller, as Chairperson of the Risk Committee, presides at such executive sessions. Members of the Audit Committee, Governance, Compensation and Nominations Committee, and Risk Committee also meet in executive session as needed.

Directors are expected to attend our annual meetings of shareholders absent extraordinary circumstances, and all directors except one attended the 2016 Annual Meeting of Shareholders.

Director Nominations

Our Board is responsible for nominating directors for election by the shareholders and filling any new positions or vacancies on the Board that may occur. The Governance, Compensation and Nominations Committee is responsible for identifying, screening, and recommending candidates to the Board for Board membership. Shareholders may also propose nominees for consideration by the Committee by writing to First Data Secretary, c/o General Counsel Office, First Data Corporation, 225 Liberty Street, 29th Floor, New York, New York 10281.

Nominees for director are selected on the basis of experience, integrity, skills, diversity, independence, ability to make independent analytical inquiries, understanding of First Data’s business environment, and willingness to devote adequate time to Board duties -- all in the context of an assessment of the perceived needs of the Board at that point in time. The Board believes that its membership should reflect a diversity of experience, gender, race, ethnicity, and age. In formulating its recommendations, the Governance, Compensation and Nominations Committee will consider recommendations offered by any shareholder, director, or officer of First Data.

Director Independence

Each year our Board determines which of our directors are independent. Under our Corporate Governance Guidelines, to be considered “independent” a director (1) must meet the independence standards under the NYSE listing standards; and (2) the Board must affirmatively determine that the director otherwise has no material relationship with First Data directly, or as an officer, shareholder, or partner of an organization that has a relationship with First Data. In making its independence determinations, the Board reviews any material direct and indirect relationships between each director and First Data, as well as the compensation and other payments each director received from or made to First Data. Our Board has determined that Ms. Miller, Mr. Nevels, and Ms. Yastine are independent directors. For Ms. Miller, our Board considered her son’s

employment with First Data in a non-officer and non-strategic position. Given his position in the company and amount of compensation, the Board determined that his employment did not create a material relationship with First Data that would impair Ms. Miller's independence.

Corporate Governance Guidelines

Our Board has adopted Corporate Governance Guidelines that, along with the charters of the Board committees, provide the basic framework for the Board's operation and role in the governance of First Data. You can find our Corporate Governance Guidelines on our website at www.firstdata.com under "Investors" and "Corporate Governance."

Code of Ethics

We have adopted an Employee Code of Conduct, which applies to all employees, a Code of Ethics for Senior Financial Officers, which applies to our Chief Executive Officer, Chief Financial Officer, and Principal Accounting Officer, and a Directors' Code of Ethics, which applies to our directors. These Codes can be viewed on our website at www.firstdata.com under "Investors" and "Corporate Governance." On the same website, we will post amendments to a provision of such codes and waivers from the Code of Ethics for Senior Financial Officers.

We have determined beneficial ownership in accordance with the rules of the SEC. Applicable percentage ownership is based on 371,979,947 shares of Class A common stock and 544,031,779 shares of Class B common stock outstanding at February 1, 2017. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed to be outstanding all shares of common stock subject to options, restricted stock or other convertible securities held by that person or entity that are currently exercisable or vested or that will become exercisable or vested within 60 days of February 1, 2017. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person.

Except as indicated by the footnotes below, (a) all amounts are as of February 1, 2017, (b) we believe, based on the information furnished to us, that the persons and entities listed have sole voting and investment power with respect to the shares they beneficially own, and (c) the address of each beneficial owner is c/o First Data Corporation, 225 Liberty Street, 29th Floor, New York, New York 10281.

Section 16(a) Beneficial Ownership Reporting Compliance

Based on a review of reports filed with the SEC by our directors and executive officers regarding their ownership and transactions in our common stock and written representations from those directors and officers, we believe that each director and executive officer has filed timely reports under Section 16(a) of the Securities Exchange Act of 1934 during 2016, except for a Form 4 filed on June 13, 2016 for James Nevels that reported a purchase of 250 shares of Class A common stock.

Compensation Discussion and Analysis

Introduction

Our executive compensation program is designed to attract and retain quality individuals, as well as to motivate them to help us achieve our financial goals and create shareholder equity value. Our named executive officers (NEOs) are paid based on performance, primarily in time- and performance-vested equity, and competitively to the market.

How We Determine Compensation

Role of the Governance, Compensation and Nominations Committee

During 2016, the Governance, Compensation and Nominations Committee (the Committee) consisted of Messrs. Forehand, Kravis, Plumeri and Nuttall, with Mr. Nuttall serving as Chairperson.

Mr. Plumeri joined the Governance, Compensation and Nominations Committee on May 11, 2016. First Data recognizes that it is atypical for a named executive officer to make a mid-year transition from a management position to a committee member position. Due to the fact Mr. Plumeri transitioned roles in May of 2016, he had no input on his 2016 total compensation package. His 2016 total compensation was approved by the Governance, Compensation and Nominations Committee irrespective of Mr. Plumeri joining mid-year.

[Table of Contents](#)

The Committee approves all aspects of compensation for executive officers, including the form and compensation amounts as well as performance metrics and targets under our incentive plans. Specifically, the Committee:

- establishes our compensation philosophy in consultation with management and oversees management’s development and implementation of our compensation and benefits policies;
- evaluates performance and sets executive officers compensation,
- oversees our equity plans; and
- keeps informed of good governance best practices, and determines whether these should be applied here on compensation topics.

The Board of Directors, however, approves equity grants to executive officers, generally after Committee recommendations, to exempt the grants from short-swing profit rules.

Since we were privately owned until October 2015, the Committee has not participated in shareholder outreach on matters of executive compensation.

Role of Independent Consultant

Our Compensation Committee has the sole authority to retain and replace, as necessary, compensation consultants to provide it with independent advice. The Compensation Committee has engaged Johnson Associates, Inc. as its independent consultant to advice on executive and non-employee director compensation matters. This selection was made without the input or influence of management.

Role of Management in Executive Officer Compensation Decisions

Our Chief Executive Officer, Chief Human Resources Officer, and General Counsel generally provide information, data, analysis, updates, and compensation recommendations to the Committee. Management periodically engages compensation consultants to assist it in this process, and it utilizes market data from a wide variety of sources. As part of the Committee’s compensation setting process, our Chief Executive Officer makes recommendations to the Committee regarding compensation for executive officers other than himself.

Highlights of our Compensation Practices

Although we are a controlled company, we adhere to certain best practices regarding compensation.

<i>What We Do</i>
✓ Emphasis on Equity-Based Total Compensation: The bulk of compensation is paid in equity rather than cash to better align management with shareholders. Additionally, our total compensation is highly correlated with company performance to further align management with shareholders.
✓ Significant Share Ownership Guidelines: To further align interests, we have strict share ownership guidelines, which generally require executive officers and directors to retain much of the stock they acquire through equity compensation while they remain with First Data.
✓ Clawback Provisions: We have “clawback” provisions for equity compensation, requiring executives to repay amounts when it is subsequently determined they should not have received them.
<i>What We Don’t Do</i>
☒ Hedging and Pledging of Our Stock: We prohibit all employees and directors from hedging First Data stock. The policy also prohibits pledging of First Data stock except if the

employee or director receives the written consent of our General Counsel. We believe that these individuals generally should bear the full risks of equity ownership.

Perquisites: **We provide minimal executive benefits and perquisites.**

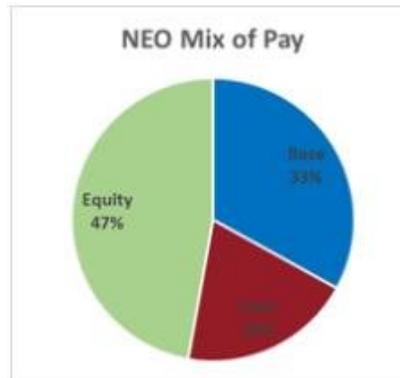

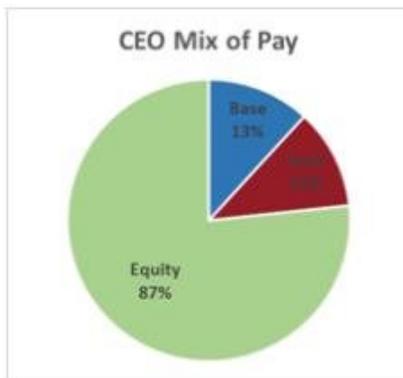

Transition to Public Company Pay Practices

Our common stock first became publicly traded on October 15, 2015. The Committee is committed to adopting additional public company best pay practices over time, if it determines such changes are in the best interest of shareholders.

Our Compensation Philosophy and Strategy

We structure our compensation to reinforce growth goals and sustained share value creation. In particular:

- We focus on total compensation, which combines salary and incentives
- We use equity as the primary pay component
- We emphasize pay for performance
- We pay competitively, compared to market

Use of Equity and Share Retention Requirements

The Committee seeks to align management with shareholders by granting a significant portion of our NEOs' total compensation in equity that increases in value as our financial performance improves. The Committee also seeks to retain management by requiring employment through equity vesting periods to receive the full value of equity-based awards. As further described below, the Committee's first quarter 2017 equity-based awards reflect this approach: the awards generally vest over three years and generally require continued employment through each vesting date.

As described in more detail below, our CEO must retain at least 90% of the stock acquired from equity compensation, net of taxes, transaction costs, and charitable donations, until employment termination. Our other NEOs must retain at least 75% of the stock from equity compensation, net of taxes, transaction costs and charitable donations, through employment termination. These are among the most rigorous share retention requirements of any public company.

Pay our NEOs Based on Performance

We are committed to rewarding executives based on our performance. At the end of each year, the Committee determines how First Data performed across various financial and qualitative objectives. The Committee then determines awards for each NEO, based both on company and individual performance.

The Committee also determines how the award for prior year performance will be paid. For 2016, the award was paid in two forms:

- A cash award under our Senior Executive Incentive Plan (the SEIP)
- An award of time vested restricted stock

Market Competitive Pay

The Committee wants to ensure executives are paid competitively. In order to successfully attract and retain top performing executives, our Human Resources Department annually reviews market data and aims to provide our executives with competitive total compensation opportunities.

The Chief Executive Officer, Human Resources Department, and the Committee periodically review our executive compensation practices against a peer group of companies. Our peer group includes direct competitors, frequently identified peer companies to our direct competitors, and other companies comparable to us in terms of industry, pay practices, revenue and market value. In 2016, Johnson Associates assisted the Committee in adjusting the peer group to reflect First Data today. The peer group considered by the Committee to determine 2016 NEO compensation included the following 17 companies:

- | | | |
|---------------------------------|-------------------------------------|--|
| ● Accenture plc | ● ADP, LLC | ● The American Express Company |
| ● Computer Sciences Corporation | ● Discover Financial Services, Inc. | ● Fidelity National Information Services |
| ● Fiserv, Inc. | ● Global Payments Inc. | ● Intuit Inc. |
| ● MasterCard Incorporated | ● NCR Corporation | ● Paypal Holdings, Inc. |
| ● State Street Corporation | ● Total System Services | ● Worldpay |
| ● Vantiv, Inc. | ● Visa Inc. | |

For 2016, the Committee used peer group data as one factor regarding pay. The Committee did not seek to benchmark NEO positions against the market data, nor did it pay NEOs at any particular peer group market percentile.

Summary of 2016 Compensation

2016 Performance

For 2016, we considered the following aspects of our performance to determine our NEO compensation:

- We grew year-over-year revenues 4%* excluding the impacts from currency and divestiture of the Australian ATM business in the third quarter of 2016 in a challenging worldwide operating environment, although this was short of our target for the year
- Free cash flow improved to \$1.2 billion*, reflecting increased total segment EBITDA, lower cash interest, improved working capital performance, and lower capital expenditures

[Table of Contents](#)

- We continued organic deleveraging and balance sheet management as total borrowings and net debt reduced \$1.1 billion* during 2016
- We grew our adjusted EBITDA to \$2.9 billion*, exceeding our target for the year

*Non-GAAP financial measures. For information on how these metrics are calculated, see “Explanation of Non-GAAP Financial Measures” on page 36.

Elements of 2016 Compensation

In January 2017, the Committee determined our NEOs’ total compensation packages based on company and individual performance. Compensation included the following elements:

Element	Total Compensation
Base Salary	<i>In effect at December 31, 2016</i>
Incentive Compensation	<i>Annual cash incentive under the Senior Executive Incentive Plan (the SEIP) Time vested restricted stock</i>
Other Compensation	<i>Benefits and perquisites, as detailed below</i>

Base salary

Base salary provides executives with a level of cash income predictability. The Committee believes base salaries for executives should reflect market competitive levels and factors such as experience and breadth of responsibilities, performance, individual skill set, pay relative to peers within First Data, and base pay in previous roles outside of First Data. Initial base salaries for our NEOs are agreed to at the time of hiring. Each executive officer is reviewed annually and is eligible for a discretionary annual merit increase. Base salaries may also be adjusted at other times to deal with competitive pressures or changes in job responsibilities. Mr. Bisignano’s salary was decreased in 2016 from \$1,500,000 in 2015 to \$1,320,000. Mr. Bisignano will not receive a base salary increase for 2017.

The following table shows our NEOs’ annual base salaries as of December 31, 2016:

Name and Principal Position	Base Salary
Frank J. Bisignano <i>Chief Executive Officer</i>	\$1,320,000
Himanshu A. Patel <i>Executive Vice President Chief Financial Officer</i>	\$600,000
Guy Chiarello <i>President</i>	\$1,000,000
Daniel J. Charron <i>Executive Vice President, Head of Global Business Solutions</i>	\$750,000
Barry C. McCarthy <i>Executive Vice President, Network & Security Solutions</i>	\$750,000

2016 Incentive Compensation

Each NEO is eligible for an annual discretionary cash incentive and equity based on First Data’s performance against our strategic growth objectives and individual performance. Consistent with our overall compensation philosophy, cash incentives are generally much smaller than long-term equity awards.

For 2016, the Board, with input from management, set strategic goals for our performance. These goals included growing revenue and adjusted EBITDA, improving free cash flow, and managing expenses. These were the basis of First Data’s performance portion of incentive pay for 2016.

[Table of Contents](#)

The Committee also considers individual performance and contribution in meeting our strategic goals. The Committee considers a number of factors, including:

- the overall performance of the executive;
- the effective management of expenses;
- the effective management of risk;
- demonstration of leadership, teamwork, and innovation; and
- the extent of the accomplishment of our strategic goals.

The size of awards is based primarily on our annual financial performance, but individual performance is also considered. To best accomplish this, the Committee approved a fully discretionary funding structure for 2016 annual incentive compensation. This structure allowed the Committee to maintain the ability to appropriately reward the performance of each NEO.

Although many of our strategic goals were met, we did not meet our revenue growth goal, which was a key performance metric. As a result, the Committee exercised its discretion and determined that total incentive compensation for 2016 performance would be reduced compared to 2015.

After determining the total compensation for each NEO, the Committee determines the mix between cash and equity. For 2016, we elected to pay only a small portion (0% - 20%) of annual incentive compensation in cash. The remainder was paid in time-vested restricted stock awards which the Committee granted on February 1, 2017. We believe this cash/equity ratio best aligns the NEO's interest with creating value for shareholders.

2016 Cash Incentive Awards

The annual cash incentives for 2016 performance under the SEIP were as follows:

Name and Principal Position	Annual Cash Incentive Award
Frank J. Bisignano <i>Chief Executive Officer</i>	\$1,287,000
Himanshu A. Patel <i>Executive Vice President, Chief Financial Officer</i>	\$255,000
Guy Chiarello <i>President</i>	\$720,000
Barry C. McCarthy <i>Executive Vice President, Network & Security Solutions</i>	\$971,210
Joseph Plumeri <i>Vice Chairman</i>	\$0
Daniel Charron <i>Executive Vice President, Global Business Solutions</i>	\$262,500

2017 Equity-Based Grants Based on 2016 Performance

In the first quarter of 2017, the Committee granted the awards shown below under the 2015 Omnibus Incentive Plan. The grants reflect the portion of 2016 incentives made in time vested equity. The awards have the following terms:

- restricted stock that generally vests in three installments, 20% on the first grant anniversary, 40% on the second anniversary and 40% on the third anniversary, subject to continued employment on each vesting date.

2016 Equity-Based Grants Based on 2015 Performance

In the first quarter of 2016, the Committee determined the award for 2015 performance and determined to grant a small portion of the award under the SEIP in cash, and the bulk of the award in a combination of time vested restricted stock and time vested options under the 2015 Omnibus Incentive Plan. The grants shown in the table below reflect the portion of the 2015 incentive award that was made in time vested equity. The awards have the following terms:

- options that generally vest in three equal installments on the first, second, and third anniversaries of the grant, subject to continued employment on each applicable vesting date; and
- restricted stock that generally vests in three installments, 20% on the first anniversary of the grant, 40% on the second anniversary of the grant and 40% on the third anniversary of the grant, subject to continued employment on each applicable vesting date.

Cash Retention Award

During the year, the Committee granted a \$2.5 million cash retention award to Mr. McCarthy. The Committee reviewed Mr. McCarthy's total compensation and made the award to provide an ongoing incentive for Mr. McCarthy to remain with us for several years. The cash retention award is subject to certain repayment provisions. In the 3-year period between September 8, 2016 and September 8, 2019, if the company terminates the recipient's employment for cause or the recipient voluntarily resigns without good reason, First Data has the right to require the recipient to pay back a pro-rata portion of the award based on the period of time the recipient worked over the 3-year term.

Other Fiscal 2016 Compensation

From time to time, the Committee may award sign-on bonuses or equity-based awards in connection with an NEO joining us. Sign-on awards are used only when necessary to attract highly skilled individuals. Often, they are used to offset the loss of unvested compensation as a result of leaving their current employer.

Benefits and Perquisites

We focus on performance-based compensation while providing only minimal executive benefits. We do provide to all of our employees, including our NEOs, broad-based employee benefits that are intended to attract and retain employees while providing them with retirement and health and welfare security. These include:

- a 401(k) savings plan; and
- medical, dental, vision, life and disability insurance coverage, and dependent care and flexible spending accounts.

We do not currently offer defined benefit pension benefits or non-qualified retirement benefits to our NEOs. We also do not currently offer a company match in our 401(k) savings plan.

We provide our NEOs with limited perquisites and personal benefits not generally available to all employees such as reimbursements for relocation, housing, and moving expenses. In limited instances NEOs are also authorized to use the corporate aircraft for personal purposes. Per his employment agreement, Mr. Bisignano is provided with use of a car and driver and is eligible for financial planning assistance and use of the corporate aircraft. In addition, from time to time we provide tax gross-ups on perquisites in order to allow our NEOs to enjoy the full benefit of the perquisite.

Severance and Change in Control Agreements

We believe that reasonable and appropriate severance and change in control benefits are necessary in order to be competitive in First Data's executive attraction and retention efforts. Our severance and change in control policy provides for payment rights, and benefits to the NEOs (other than Mr. Bisignano) on an involuntary termination of employment without cause. Under the policy, the cash severance is equal to one year's base pay plus the bonus paid for the prior year before termination, if any, and a prorated bonus based on time worked during the year of termination. For Mr. McCarthy, this amount may not be less than twelve (12) months of salary plus his target bonus current set at \$1,750,000. As a condition to receiving severance, all participating NEOs must release First Data and its employees from all claims they may have against them and agree to a number of restrictive covenants which are structured to protect us from potential loss of customers or employees and to prohibit the release of confidential company information. For Mr. Bisignano, his employment agreement described below provides for a cash severance payment equal to (1) the greater of (a) \$9.5 million or (b) two times the sum of his base salary and the average of his annual incentive payments paid in cash in respect of the two fiscal years prior to the date of his termination and (2) a pro rata portion of the annual incentive payment that would have otherwise been payable if he had remained employed through such year.

Share Ownership Guidelines

We have an equity retention policy for our directors, NEOs, and all other members of our Management Committee, which require them to maintain a minimum share ownership level throughout their employment. Equity retention requirements are also in place for our highly compensated employees.

Members of our Management Committee must retain at least 75% of the stock they acquire through equity compensation (net of taxes, transaction costs, and charitable donations) as long as they are employed by us. Our Chief Executive Officer and directors must retain at least 90% of the stock they acquire through equity compensation (net of taxes, transaction costs and charitable donations) as long as they are either employed by us or serve as a director. Under the policy, stock acquired through compensation plans includes vested restricted stock, restricted stock units, stock held after exercising options and vested equity contributed to qualified or non-qualified retirement plans, but does not include unvested restricted stock, unvested restricted stock units or vested or unvested stock options.

Exceptions to this policy may be granted by the Chief Executive Officer, in consultation with the chairperson of the Committee, as follows:

- where the retention commitment would create a financial hardship (in such instances, the Committee may also approve an alternative ownership plan that reflects both the intention of the policy and the individual's circumstances); or
- other situations that the Chief Executive Officer deems appropriate.

If the Chief Executive Officer or a director requests an exception, that request must be submitted to the chairperson of the Committee for their review and approval.

Clawback Provisions

We have a policy to clawback incentive compensation of executive officers in the event of a subsequent accounting restatement to ensure that incentive compensation is rightfully earned by the executives.

Hedging and Pledging Prohibition

As part of our insider trading policy, all employees, including our named executive officers, and non-employee directors are prohibited from engaging in short sales or hedging transactions involving our securities. They are also prohibited from establishing margin accounts or otherwise pledging our securities. Pledging First Data stock may be permissible if the employee or director receives the written consent of our General Counsel.

Compensation and Risk

The Committee believes that the design and objectives of our executive compensation program provide an appropriate balance of incentives for executives and avoid inappropriate risks. In this regard, our executive compensation program includes, among other things, the following design features:

- Balances a mix of fixed versus variable, at-risk compensation;
- Balances a mix of short and long-term incentive compensation;
- Provides that variable compensation is based on a variety of qualitative and quantitative performance goals;
- Provides for a clawback of executive compensation in specified circumstances; and
- Share ownership guidelines.

Tax and Accounting Considerations

The Committee recognizes the tax and regulatory factors that can influence the structure of executive compensation programs. Section 162(m) of the Internal Revenue Code will limit our federal income tax deduction for compensation in excess of \$1 million paid to NEOs except for the Chief Financial Officer.

However, performance-based compensation can be excluded from the limitation as long as specified requirements are met.

We expect to be able to claim the benefit of a special exemption rule that applies to compensation paid (or compensation in respect of equity awards such as stock options or restricted stock granted) during a specified transition period following the IPO. This transition period may extend until the first annual stockholders' meeting that occurs after the close of the third calendar year following the calendar year in which the IPO occurred, unless the transition period is terminated earlier under the Section 162(m) post-offering transition rules.

The Committee also considers the accounting implications of the various elements of our compensation program, including the impact on our financial results and the dilutive impact to stockholders of various forms of compensation.

Compensation Committee Report

The Governance, Compensation and Nominations Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the Governance, Compensation and Nominations Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Form 10-K.

Executive Compensation Tables

For 2016, our NEO compensation was substantially lower than 2015 because of one-time equity and cash retention awards related to our successful completion of an initial public offering on October 15, 2015. The Board of Directors decided to make these one-time awards primarily in equity with strict retention requirements to incentivize our NEOs to remain with us for the long term and ensure executive and shareholder interests are aligned.

- (1) All awards prior to October 15, 2015 were made under the 2007 Stock Incentive Plan for Key Employees of First Data Corporation and its Affiliates and are comprised of Class B stock. All other awards were made under the First Data Corporation 2015 Omnibus Incentive Plan and are comprised of Class A stock. The primary distinction between the two classes of stock is voting rights. Class B stock receives ten votes per share while Class A receives one vote per share.
- (2) The grants in this column are stock option awards that vest on the following terms subject to continued employment on each applicable vesting date except as noted below in the section entitled “Termination and Change in Control Payments and Benefits. All stock options listed that were granted on February 10, 2014 vest in three equal annual installments from January 1, 2014. All other stock option grants in 2013 and 2014 vest in equal annual installments of 20% each year over a five-year period on the anniversary of the grant date. The vesting terms of the 2015 stock option awards are described in footnote 1 of the Grants of Plan-Based Awards Table.
- (3) The grants in this column are restricted stock awards that vest on the following terms subject to continued employment on each applicable vesting date except as noted below in the section entitled “Termination and Change in Control Payments and Benefits. All restricted stock awards that were granted on February 10, 2014 vested on January 1, 2017. Mr. Patel’s restricted stock award dated June 3, 2013 vested on June 3, 2016 and Mr. Chiarello’s restricted stock award dated July 11, 2013 vested on March 15, 2016.

2015 Omnibus Incentive Plan

Unless otherwise governed by the applicable award agreement and/or grant notice for the applicable grant(s) at issue, the First Data Corporation 2015 Omnibus Incentive Plan (2015 Omnibus Incentive Plan) provides for the treatment of awards granted under the 2015 Omnibus Incentive Plan upon certain terminations.

The award agreements under the 2015 Omnibus Incentive Plan have been amended to provide that a Participant’s Termination due to death or Disability will result in each outstanding unvested time-based Option, Restricted Stock, or Restricted Stock Unit grant to immediately vest and all outstanding vested Options will remain exercisable for the following three years. For each unvested performance-based Option,

[Table of Contents](#)

Restricted Stock, or Restricted Stock Unit award, the award will remain outstanding for three-years after a Participant's Termination due to death or Disability and will vest and, for Options, be exercisable if the performance criteria is satisfied within a three-year period. In no event will an option be exercisable after the expiration of the original Option period.

Under the 2015 Omnibus Incentive Plan a participant's Termination for Cause will result in all outstanding Options granted to the Participant immediately terminating and expiring. A Participant's Termination for any other reason will result in each outstanding unvested Option granted to such Participant immediately terminating and expiring and each outstanding vested Option remaining exercisable for ninety (90) days thereafter, but in no event beyond the expiration of the Option Period.

Stock Appreciation Rights granted under the 2015 Plan have the same treatment as Options upon the termination of a Participant as discussed above.

In the event of a Participant's Termination for any reason, the Participant's Restricted Stock and Restricted Stock Units granted under the 2015 Plan that are unvested will result in all vesting with respect to such Participant's Restricted Stock and Restricted Stock Units ceasing and unvested shares shall be forfeited to First Data by the Participant for no consideration as of the date of such Termination.

In the event of a Change in Control, the Compensation Committee of the Board shall make such proportionate substitutions or adjustments, if any, as it deems equitable to the terms of any outstanding awards.

2007 Stock Incentive Plan

Unless otherwise governed by First Data Corporation Severance/Change in Control Policy and/or any other employment agreements, offer letters, the applicable award agreement and/or grant notice for the applicable grant(s) at issue, or any other arrangements between the applicable executive and First Data, the 2007 Stock Incentive Plan for Key Employees of First Data Corporation and its Affiliates (2007 Stock Incentive Plan) provides for the treatment of awards granted under the 2007 Stock Incentive Plan upon certain events and terminations.

Upon a Change in Control (as defined under the 2007 Stock Incentive Plan), if determined by the Compensation Committee of the Board in the applicable grant agreement or otherwise determined by the Compensation Committee of the Board in its sole discretion, any outstanding grants then held by Participants which are unexercisable or otherwise unvested or subject to lapse restrictions may automatically be deemed exercisable or otherwise vested or no longer subject to lapse restrictions as of immediately prior to the Change in Control and the Compensation Committee of the Board may, as allowed under Section 409A of the Code, cancel such awards for fair value as determined under the Plan, provide for the issuance of substitute awards or provide that for a period of at least ten business days prior to the Change in Control, any Stock Options or Stock Appreciation Rights shall be exercisable as to all shares subjected thereto.

The 2007 Stock Incentive Plan provides that the grant agreements issued under the 2007 Stock Incentive Plan must provide for the treatment of the grant in the event of the termination of employment or other service relationship, death or disability of the Participant and may also include provisions concerning the treatment of the grant in the event of a Change in Control.

The 2007 Stock Incentive Plan Form Stock Option grant agreement also provides that all unexercisable options as of the date of Participant's termination of employment for any reason shall immediately expire. Options that are unvested Time Options that would have vested on the next anniversary of the Closing Date shall vest pro rata for terminations of employment resulting from death or Disability, termination without Cause or resignation by the Participant for Good Reason.

[Table of Contents](#)

Exercisable options expire as follows with regards to the various terminations of employment unless the option expires first due to its expiration date on the tenth (10th) anniversary of the Closing Date. Options expire immediately upon the date of the Participant's termination of employment for Cause or termination of employment by the Participant without Good Reason. Options expire one hundred and eighty (180) days from the date of the Participant's termination of employment without Cause or by the Participant for Good Reasons.

The 2007 Stock Incentive Plan Form Stock Option and Restricted Stock grant agreements have been amended to provide that a Participant's Termination due to death or Disability will result in each outstanding unvested Option or Restricted Stock Unit grant to immediately vest and all outstanding vested Options will remain exercisable for the following three years. In no event will an option be exercisable after the expiration of the original Option period.

- (1) Upon termination of Mr. Bisignano’s employment by First Data without “cause” (as defined in the Employment Agreement), by Mr. Bisignano for “good reason” (as defined in the Employment Agreement), due to Mr. Bisignano’s death or “disability” (as defined in the Employment Agreement) or due to First Data’s non-renewal of the employment term, conditioned upon the execution and effectiveness of a release of claims against First Data and its affiliates and in addition to certain accrued amounts, Mr. Bisignano will be entitled to receive (1) payment, in installments ratably over a 24 month period (Severance Period), of an amount equal to the greater of (X) \$9.5 million or (Y) two times the sum of his base salary and the average of his annual incentive payments paid in cash in respect of the two fiscal years prior to the date of his termination (provided, that if Mr. Bisignano’s employment is terminated by him for “good reason” following a “change of control” (within the meaning of Section 409A of the Code) within two years following such “change of control,” the payment will be made in a lump sum cash payment) and (2) a pro rata portion of the annual incentive payment, if any, that would have otherwise been payable in respect of such year if he had remained employed through such year. For all other NEOs, reflects cash severance payable under the Policy as in effect on January 1, 2015, assuming a termination date of December 31, 2015.
- (2) Upon termination of Mr. Bisignano’s employment by First Data without “cause,” by Mr. Bisignano for “good reason,” due to Mr. Bisignano’s “disability” or due to First Data’s non-renewal of the employment term, Mr. Bisignano is entitled to receive health insurance, excess disability and life insurance coverage until his death, unless earlier terminated in accordance with the Employment Agreement (Retiree Benefits). In addition, upon termination of Mr. Bisignano’s employment with First Data by Mr. Bisignano without “good reason,” in addition to certain accrued amounts, Mr. Bisignano will be entitled to receive the Retiree Benefits. The Retiree Benefits in this table assumes Mr. Bisignano dies at age 80 and benefits are not terminated before then. With respect to the other NEOs, represents First Data-paid portion of medical, dental and vision benefits for each executive for a period of one year under the Policy.
- (3) Upon termination of Mr. Bisignano’s employment by First Data without “cause,” by Mr. Bisignano for “good reason,” or due to First Data’s non-renewal of the employment term, Mr. Bisignano is entitled to receive payment, in installments over the Severance Period of an amount equal to financial planning benefits for two years following his termination of employment.
- (4) Mr. Bisignano’s 2013 stock option agreement provides that, in the event of a termination of employment due to death or “disability,” by him for Good Reason or by First Data without Cause, the unvested options that would have otherwise vested during the 12 month period following such termination will immediately vest and become exercisable. Messrs. Chiarello’s and Patel’s 2013 stock option agreements contain the same provision as Mr. Bisignano’s 2013 stock option agreement. Other than as specifically provided in Mr. Bisignano’s 2013 stock option agreement and not including the stock options granted in connection with the IPO, with respect to all other outstanding stock options held by the NEOs, in the event of a termination of an NEO’s employment due to death or “disability,” by the NEO for “good reason” or by First Data without “cause,” the unvested options that would have vested on the next anniversary of the grant date will vest pro-rata as determined by multiplying the number of shares of common stock subject to the option that would have so vested by a fraction, the numerator of which corresponds to the number of completed months of employment since the anniversary of the grant date immediately preceding the date of the termination of employment and the denominator of which is 12. For all stock options granted to the NEOs in connection with the IPO, in the event of a termination due to death or “disability,” by the NEO for “good reason” or by First Data without “cause,” the unvested time options that would have vested on the next Time-Vesting Date vest pro-rata as determined by multiplying the number of Time Options that would have vested on such next Time-Vesting Date by a fraction, the numerator of which corresponds to the number of completed months of employment since the Time-Vesting Vesting Date immediately preceding the date of the termination of employment and the denominator of which is 12. In the event of a termination prior to the Performance Vesting Date for the Performance Options that were granted to the NEOs in connection with the IPO, all unvested Performance Options shall be forfeited as of the date of the termination of employment. In addition, in the event of a Change in Control, all unvested options become fully vested, except for the Performance Options granted in connection with the IPO. If the Performance Vesting Date has not occurred and the IPO does not result in a

- transaction equal to or exceeding \$32.00, then all Performance Options will be forfeited as of the date of the Change in Control.
- (5) Mr. Chiarello's 2013 Restricted Stock agreement provides that in the event of termination due to death, "disability," involuntary termination for any reason or voluntary termination, then all unvested restricted stock shall become 100% vested if such termination occurs on or after July 8, 2015. Mr. Patel's 2013 Restricted Stock agreement provides that in the event of termination due to death, "disability," involuntary termination for any reason or voluntary termination, then 80% of his unvested restricted stock shall vest if such termination occurs after January 1, 2015 but on or before December 31, 2015. The terms of restricted stock awards issued to NEOs in 2014 and 2015, except for those issued in connection with the IPO, provide that, if the NEO's employment terminates due to death or disability or is terminated by First Data without cause or by the NEO for good reason, awards will vest based on the number of full months completed since the grant date divided by 36 months. For all restricted stock granted to the NEOs in connection with the IPO, in the event of a termination due to death or "disability," by the NEO for "good reason" or by First Data without "cause," the unvested time restricted stock that would have vested on the next Time-Vesting Date vest pro-rata as determined by multiplying the number of shares that would have vested on such next Time-Vesting Date by a fraction, the numerator of which corresponds to the number of completed months of employment since the Time-Vesting Date immediately preceding the date of the termination of employment and the denominator of which is 12. In the event of a termination prior to the Performance Vesting Date for the Performance Restricted Stock that were granted to the NEOs in connection with the IPO, all unvested Performance Restricted Stock shall be forfeited as of the date of the termination of employment. In addition, in the event of a Change in Control, all unvested shares of restricted stock will become fully vested, except for the Performance Restricted Stock granted in connection with the IPO. If the Performance Vesting Date has not occurred and the IPO does not result in a transaction equal to or exceeding \$32.00, then all Performance Restricted Stock will be forfeited as of the date of the Change in Control.
- (6) Under the terms of Mr. Bisignano's Employment Agreement, First Data agreed that during the term of the Employment Agreement and for a period of two years thereafter, it would continue for his benefit the tax-gross up provided under the Policy as in effect as of the date of the Employment Agreement. Under the terms of the Policy, a "Gross-Up Payment" is made if it is determined that any Code Section 280G parachute payments provided by First Data to or, on behalf of, an eligible executive would be subject to the excise tax imposed by Code Section 4999. The Gross-Up Payment is an amount so that after payment of all taxes, the eligible executive retains an amount equal to the excise tax imposed by Code Section 4999. However, if it is determined that the executive officer is entitled to a Gross-Up Payment but the payments to the executive officer do not exceed 110% of the amount which is one dollar less than the smallest amount that would give rise to any excise tax, then no Gross-Up Payment will be made and the payments will be reduced so as to not give rise to the excise tax. Executive officers are eligible for this payment regardless of whether their employment is terminated in connection with a Change in Control. However, the provision in the Policy regarding "Gross-Up Payments" will not apply with respect to any payment that would otherwise be subject to the excise tax if such excise tax would be avoided by obtaining stockholder approval of the payment in the manner prescribed by Code Section 280G. As of December 31, 2014, the excise tax could have been avoided by obtaining stockholder approval pursuant to Code Section 280G. Accordingly, no amounts are reflected above.

Description of Termination Provisions

Employment Agreement Termination Provisions

Upon termination of Mr. Bisignano's employment by First Data without "cause" (as defined in the Employment Agreement), by Mr. Bisignano for "good reason" (as defined in the Employment Agreement), due to Mr. Bisignano's death or "disability" (as defined in the Employment Agreement) or due to First Data's non-renewal of the employment term, conditioned upon the execution and effectiveness of a release of claims against First Data and its affiliates and in addition to certain accrued amounts, Mr. Bisignano will be entitled to receive (1) payment, in installments ratably over a 24 month period (Severance Period), of an amount equal to the greater of (X) \$9.5 million or (Y) two times the sum of his base salary and the average of his annual incentive payments paid in cash in respect of the two fiscal years prior to the date of his termination (provided, that if Mr. Bisignano's employment is terminated by him for "good reason" following a "change of control" (within the meaning of Section 409A of the Code) within two years following such "change of

control,” the payment will be made in a lump sum cash payment) and (2) a pro rata portion of the annual incentive payment, if any, that would have otherwise been payable in respect of such year if he had remained employed through such year. In addition, Mr. Bisignano is entitled for continued health insurance coverage in accordance with the Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA), including medical and dental coverage and excess disability and life insurance coverage during the COBRA period. First Data’s portion of the cost of such coverage and the provision of the coverage itself will be borne/provided by First Data in a manner that does not affect its medical plan or otherwise result in adverse tax consequences as determined in its sole discretion. Thereafter, and until Mr. Bisignano’s death (Retiree Benefits), First Data shall provide Mr. Bisignano with health insurance, excess disability and life insurance coverage that is reasonable comparable to the coverage provided to Peer Executives under such policies at such time. However, in the event that First Data determines in its reasonable judgment that maintaining the Retiree Benefits would adversely affect its medical plan or the benefits paid thereunder or would result in penalties under Public Health Service Act section 2716 or related provisions of the Internal Revenue Code or the Employee Retirement Income Security Act of 1974, as amended, or any other applicable law, then First Data may cease providing the Retiree Benefits to Mr. Bisignano and in lieu thereof agrees to pay Mr. Bisignano, on the first business day of each month, a monthly amount equal to First Data’s allocable portion of the cost of such Retiree Benefits. Mr. Bisignano’s rights to the Retiree Benefits shall terminate as of (i) the date on which reasonably comparable health insurance is made available to Mr. Bisignano by a subsequent employer, including First Data, or through the employment of his spouse, if any, or (ii) if Mr. Bisignano’s employment with First Data was terminated by Mr. Bisignano without Good Reason or due to Mr. Bisignano’s election not to extend the Term, in each case, the date on which Mr. Bisignano commences any employment, consulting, advisory, directorship, agency, promotional or independent contractor arrangement with any person or Entity (as defined in the Employment Agreement) (other than any such arrangement in which Mr. Bisignano serves solely as a non-executive director).

In addition to the amounts described above, on the 60th day after Mr. Bisignano’s termination of employment, to the extent not theretofore paid, Mr. Bisignano shall be entitled to: (A) any other accrued but unpaid Base Salary to the date of termination of employment; (B) any Annual Incentive Payments earned but unpaid for fiscal years ended prior to the year in which the date of termination occurs; (C) contingent upon the execution and effectiveness of the Release prior to the 60th day after Mr. Bisignano’s termination of employment, a pro rata portion of the Annual Incentive Payment, if any, for the fiscal year in which the termination of employment occurs, equal to the product of (x) the full Annual Incentive Payment amount that would otherwise be payable in respect of such year if Mr. Bisignano had remained employed through such year, if any, without any reduction due to individual performance factors, and (y) a fraction, the numerator of which is equal to the number of days elapsed in such fiscal year to the date of termination and the denominator of which is 365, with such incentive payment amount to be paid in the calendar year following the year in which Mr. Bisignano’s termination occurred at the time that the full Annual Incentive Payment amount would have been paid had Mr. Bisignano’s employment not been terminated, (D) to the extent applicable to Mr. Bisignano and to the extent provided under the terms of the Severance/Change in Control Policy (as defined in the Employment Agreement), if any outstanding cash incentive awards granted to Executive are eligible to become fully vested and payable solely contingent upon Mr. Bisignano’s continued employment hereunder and the passage of time, continued vesting of such awards, with payment of such awards to be made in accordance with the awards’ terms, notwithstanding Mr. Bisignano’s earlier termination of employment, (E) any unreimbursed business expenses incurred prior to the date of termination and to which Mr. Bisignano is entitled to be reimbursed under Section 5(f) of the Employment Agreement and (F) other amounts or accrued benefits required to be paid or provided or which Mr. Bisignano is eligible to receive (whether on such 60th day or thereafter) under any employee benefit plan, program, policy or practice or contract or agreement of First Data (all of such other amounts and benefits referred to Section 9(a)(ii) of the Employment Agreement shall be referred to as the Other Benefits). For the avoidance of doubt, Mr. Bisignano shall not be a participant in that certain Company Severance/Change in Control Policy as amended and restated effective as of September 24, 2007 and amended by Amendment No. 1 thereto, as it may be further amended from time to time.

Severance/Change in Control Policy

We believe that reasonable and appropriate severance and Change in Control benefits are necessary in order to be competitive in our executive attraction and retention efforts. As such, we adopted the First Data Corporation Severance/Change in Control Policy (Management Committee Level) (Policy) which provides for certain payments, rights and benefits to the NEOs (other than Mr. Bisignano) upon an involuntary termination of employment without cause or for good reason with or without a Change in Control.

The Policy provides for the following payments, rights and benefits for Eligible Executives (as defined in the Policy) who are involuntarily terminated (other than for Cause or due to Disability) or who voluntarily terminate for Good Reason, after January 1, 2015:

- (1) an amount equal to the product of (i) the sum of the executive's Base Salary and the incentive award paid to the executive, if any, pursuant to the SEIP (or the incentive plan then applicable to the executive) for the year immediately preceding the year in which the termination date occurs, and (ii) one (1) year (Severance Period); plus
- (2) A pro-rata portion of the incentive award paid to the Eligible Executive pursuant to the SEIP (or the incentive plan then applicable to the executive) for the year immediately preceding the year in which the termination date occurs. Such payment is based on the portion of the year the Eligible Executive was actively employed by First Data;
- (3) Continuation of medical, dental and vision benefits coverage for the Severance Period (i.e., one year) with a portion of the costs of the benefits paid by the executive officer;
- (4) Continued vesting of outstanding cash incentive awards granted to the executive officer that vest and are payable solely contingent upon continued employment and the passage of time, notwithstanding the executive officer's earlier termination of employment; and
- (5) A "Gross-Up Payment" is made if it is determined that any Internal Revenue Code section 280G parachute payments provided by First Data to or, on behalf of, an eligible executive would be subject to the excise tax imposed by Code section 4999. The Gross-Up Payment is an amount so that after payment of all taxes, the eligible executive retains an amount equal to the excise tax imposed by Code section 4999. However, if it is determined that the executive officer is entitled to a Gross-Up Payment but the payments to the executive officer do not exceed 110% of the amount which is one dollar less than the smallest amount that would give rise to any excise tax, then no Gross-Up Payment will be made and the payments will be reduced so as to not give rise to the excise tax. Executive officers are eligible for this payment regardless of whether their employment is terminated in connection with a Change in Control. However, the provision in the Policy regarding "Gross-Up Payments" will not apply with respect to any payment that would otherwise be subject to the excise tax if such excise tax would be avoided by obtaining stockholder approval of the payment in the manner prescribed by Code Section 280G, which is not applicable to us now following the IPO.

In addition, in the Committee's sole discretion, executive officers may also be eligible for outplacement services selected by First Data. Under a 2009 agreement with Mr. McCarthy, his amount may not be less than twelve (12) months of salary plus his target bonus current set at \$1,750,000.

As a condition to receiving severance payments and benefits under the Policy, all employees are required to release First Data and its affiliates from all claims they may have against them and agree to a number of restrictive covenants which are structured to protect First Data from potential loss of customers or employees and to prohibit the release of confidential company information. Severance payments under the Policy that are not subject to Code Section 409A may be paid in installments or a lump sum payment and severance payments that are subject to Code Section 409A are paid in installments.

We have reserved the right to amend or terminate the Policy at any time in our sole discretion, provided, however, that during the period commencing on the closing of the 2007 merger and ending on the 36 month anniversary of a Change in Control (other than the 2007 merger), we are not permitted to amend or terminate the Policy without the consent of each affected executive officer.

The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to the integrity of First Data's financial statements, First Data's compliance with legal and regulatory requirements, the qualifications, performance and independence of First Data's independent registered public accounting firm, and the performance of First Data's internal auditing department.

The Audit Committee is responsible for appointing and retaining our independent auditor and approving the audit and non-audit services to be provided by the independent auditor.

Our management is responsible for preparing our financial statements and ensuring they are complete and accurate and prepared in accordance with generally accepted accounting principles. Ernst & Young LLP, our independent registered public accounting firm for 2016, was responsible for performing an independent audit of our consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles and as to the effectiveness of our internal control over financial reporting.

The Audit Committee has reviewed and discussed our audited financial statements for the year ended December 31, 2016 with management and with EY. These audited financial statements are included in our Annual Report on Form 10-K for the year ended December 31, 2016.

The Audit Committee has also discussed with EY the matters required to be discussed by Auditing Standard No. 1301 adopted by the Public Company Accounting Oversight Board (United States) regarding "*Communication with Audit Committees*."

The Audit Committee also has received and reviewed the written disclosures and the letter from EY required by applicable requirements of the Public Company Accounting Oversight Board regarding EY's communications with the Audit Committee concerning independence, and has discussed with EY its independence from us.

Based on the Audit Committee's review and discussions referred to above, the Audit Committee recommended to First Data's board of directors that First Data's audited financial statements be included in the annual report on Form 10-K for the fiscal year ended December 31, 2016 for filing with the SEC.
